	BIDS	Combating Terrorism Technical Support Office (CTTSO) Broad Agency Announcement (BAA) Information Delivery System (BIDS)	https://www.bids.tswg.gov/	No	IO, SP, PI		System allows anyone to register and submit	Yes					System allows anyone to register and submit			The primary mission of CTTSO is to conduct rapid research, development, and prototyping for the National Inter-Agency Research and Development (R&D) Program. CTTSO is soliciting proposals in specific mission areas as identified on this web site and as published in Federal Business Opportunities (www.fedbizopps.gov).
	Central Contract Registry		www.bpn.gov/ccr	Yes	IO						Yes	Institutional				Institution must be registered here in order to conduct business with the government. Release updates can be found at: https://www.bpn.gov/ReleaseNotes/
	Clinicaltrials.gov		http://clinicaltrials.gov/	Yes	IO, SP, PI	SP and PI	PI prepares submission and forwards to SP for approval and posting					No	Institution must be registered; PI registers and adds affiliation for the institution			Organizations or clinical investigators with primary responsibility for initiating and conducting clinical trials may submit trial data to ClinicalTrials.gov using the Protocol Registration System (PRS). A trial must be approved by a human subject review board and must conform to the regulations of the appropriate national health authorities, in order to be registered. For more information visit the http://prinfo.clinicaltrials.gov/ ; U.S. Public Law 110-85 (FDAAA): The Food and Drug Administration Amendments Act of 2007 was passed on September 27, 2007. The law requires mandatory registration and results reporting for certain clinical trials of drugs, biologics, and devices.
	Federal Demonstration Partnership (FDP)		http://www.thefdp.org/index.html													The Federal Demonstration Partnership is a cooperative initiative among 10 federal agencies and 120 institutional recipients of federal funds for Phase V.
	FFATA subaward reporting system	Federal Funding Accountability and Transparency Act Subaward Reporting System	https://www.fdrs.gov/	Yes	SP, possibly IO	SP, possibly IO	SP	No	Yes	Yes		Password must be between 10 and 14 characters and must contain 2 of each of the following: Lower case letter, upper case letter, number, special character (i.e. !, %, ^)				Items from the FAQs to consider when deciding whether to have one institutional account or multiple accounts: Q. Can my company register under one (1) email to be used by the entire organization? A. Yes. Although we do not recommend it, if an organization has a centralized reporting structure where multiple people need access to the same account to coordinate and submit FFATA sub-award reports, a company/organization may register in FDRS under one (1) e-mail address associated to their prime awardee DUNS to be used by their entire organization, if they so choose. Q. How can I delete an account for someone who no longer works for my company/organization? A. Awardees are not able to delete accounts. Contact the Federal Service Desk at www.fsd.gov to have the account disabled. Q. The person who used to do our reports is no longer with our company. What will happen to all of our data and will we be able to access any previous data? A. If the person is no longer with your company, the data can be migrated to another user's account. Contact the Federal Service Desk at www.fsd.gov and use the "Ask A Question" or "Live Chat" feature to request that they migrate the data. Q. Can Awardees who are registered under the same DUNS number see each others' reports? A. NO, they will have the ability to see that the report has been submitted within the "FFATA Reports" list (there will be a dash in the left column), but they will not be able to review or edit the reports submitted by other individuals within their company.
	Grants.gov	Grants.gov	http://www.grants.gov	Yes	IO, SP, PI	IO and possibly SP and DSA	IO, SP, DSA	Yes				Security certificates must be renewed every 3 (?) years	Institutional. 						Note: Institution should register first, but there is nothing to keep an investigator from registering and having the institution registration under his/her login.						There is not a second option for the investigator to also register and gain access to the proposal information. Either the institutional registration login will have to be given to the investigator to access the appropriate information or the central office must monitor and distribute.	DTRA solicits proposals for its requirements through the Federal Business Opportunities (FedBizOpps) and the DoD Small Business Innovative Research (SBIR) Program websites.			
	Electronic Document Access (EDA)		http://eda.ogden.disa.mil/										The Electronic Document Access (EDA) program is one of the Business Transformation Agency (BTA) Sourcing Environment programs. EDA supports the goals of the BTA to simplify and standardize the methods that DoD uses to interact with commercial and government suppliers in the acquisition of catalog, stock, as well as made-to-order and engineer-to-order goods and services initiatives to increase the application of Electronic Business/Electronic Commerce (EB/EC) across the Department of Defense (DoD). The EDA is a web-based system that provides secure online access, storage, and retrieval of contracts, contract modifications, Government Bills of Lading (GBLs), DFAS Transactions for Others (E110), vouchers, and Contract Deficiency Reports to authorized users throughout the DoD. EDA provides for the online creation of Contract Deficiency Reports (CDRs) and the CDR Workflow.			
	eSRS (Electronic Subcontracting Reporting System) for contractors		https://esrs.symplicity.com/index?
