RAAC Metrics Subcommittee

MISSION:
Develop Effective and Efficient Metrics that will provide measurable data for strategic and tactical decision making

• Strategic Metrics are those that would be used for strategic planning and management decisions, Unit, College, VP or University.
• Tactical Metrics are those to guide/plan/improve day-to-day operations.
RAAC Metrics Subcommittee

GOALS:

• Assist with identifying where we can accrue process efficiencies.
• Assist with managing workload.
• Assist with defining the quality of work performed.
RAAC Metrics Subcommittee

WORK IN PROGRESS:

• Phase one: focus on high level metrics and reporting for Deans and Institute Directors, Research Associate Deans, Administrative Directors.

• Phase two: develop a toolkit for data analyst that provides a multitude of data points that could explain trends identified in the high level metrics.
RAAC Process Subcommittee

PURPOSE:

• Identify and promote changes to research administration processes to benefit RA community
  • Includes: Pre, Post, and related compliance
  • Balance: Long-term projects and quick wins
• Serve as a resource to central offices on initiatives that need limited input or intermediate feedback
RAAC Process Subcommittee

Examples of what you have already seen:
- Unfunded Agreements (UFA)
- Title of email moved to the top of “Post a Comment”
- Provided input on Post-Award Requested Changes form around approvals required

Examples of what is currently being worked on:
- Electronic routing of Budget Allocation (7471) form
- Bulk changes in eRPM for Research Administrator
- Overall system approach to Award Process
- Defined “Roles & Responsibilities” list between ORSP and units

Examples of the “Sooner or Later” List:
- Defined “Roles & Responsibilities” list between Sponsored Programs and units
- Electronic functionality solutions (e.g. Post-Award Change form, acceptance of awards with >20% change, further 7471 changes)
RAAC Training Subcommittee

MAIN PURPOSE:
To assess your learning needs in the area of research administration for all staff and recommend programs that will fill those needs.
RAAC Training Subcommittee

WORK IN PROGRESS:
A set of recommended training for new (< one year experience) research administrators

• Recommendation of subject matter experts
• An interim plan for continued training while the curriculum is under development
• An evaluation process for content (refresh), delivery method and subject matter expert
• Develop desired learning outcomes for each training opportunity in the curriculum
• Recommendation for ownership and management of development and implementation of the RA training program
RAAC Training Subcommittee

WORK IN PROGRESS:
