

Research Administrators' Network Meeting

AGENDA

May 16, 2024
10:00 to 11:30 am
Zoom Webinar

Welcome & Introductions

Becky Youmans-DeMoss, RAAC Communications Subcommittee Chair
Meenu Baxendale, Research Administrator Lead, College of Engineering, Guest Emcee

Artificial Intelligence (AI) Laboratory Overview

Meenu Baxendale, Research Administrator Lead, College of Engineering

Using Retrieval AI to Accelerate Research Discovery and Application

Sandy Alberto, Research Development Specialist, Grants Services & Analysis, Medical School
Heather Offhaus, Director, Grants Services & Analysis, Medical School

Guest Emcee Remarks

Meenu Baxendale, Research Administrator Lead, College of Engineering

Updates

Office of Research & Sponsored Projects - Andrea Anderson, Exec. Director, ORSP
ITS – Carolyn Pappas, ERP IT Program Manager
Sponsored Programs - Debbie Talley, AVP Finance – Sponsored Programs
RAAC – Chris DeVries, RAAC Project Manager

Closing Remarks

RAN schedule for the rest of this Calendar Year:
<http://orsp.umich.edu/ran>

Ideas for a future meeting?
Contact ran-plans@umich.edu

Brought to you by the Research Administration Advisory Council (RAAC) Communications Subcommittee.

Welcome to RAN!

May 16, 2024

Research Administrators' Network (RAN) Meeting

Welcome on behalf of the RAAC Communications Subcommittee!

Christy Bohensky
(ORSP)

Jodi Caviani
(Social Work)

Kara Cristian
(LSA)

Kathy Devereux
(OVPR)

Chris DeVries
(RAAC)

Jim Jarvis
(Medical School)

Amy Lingle
(Engineering)

Sarena Nuttall
(Engineering)

Becky Youmans DeMoss
(Medical School)

Additional Members Not Pictured:

- Constance Colthorp
- Cindy Dames
- Lori Deromedi
- Amy Franklin
- Sam Gibbons
- Prentiss Laich
- Cathy Liebowitz
- Becky O'Brien
- Thomas Paluchniak

Meeting Notes & Details

- This event is being recorded. The presentation and slides will be posted to the RAN web page shortly after the meeting.
- Zoom webinar - watch mode. Chat is disabled.
- You can submit questions via the Q&A function.
- Live captioning is turned on (you can disable this using your settings).

Our Agenda

What we have planned for you today

- **Community Kudos**
- **Presentations:**
 - Overview of the Artificial Intelligence (AI) Laboratory at U-M
 - Using Retrieval AI to Accelerate Research Discovery and Application in the Medical School
- **Updates:**
 - ORSP, ITS, Sponsored Programs, and RAAC
- **Quick Polls**

RA Community Kudos

Thanks to all who responded to our request for **Community Kudos!** If your name is listed below, we received specific feedback about your work, and we will include them in the meeting slides.

- Chris Allan
- Leslie Chavez
- Connie Hallom
- Amy Hollihan
- Jennifer Huntington
- Cathy Liebowitz
- Jill Miller
- Shereahan Mohammed
- Danielle Smith
- Lauren Tingwall
- Helen Xu
- Melissa Wallace
- Xinyan West
- Navigate Program Contributor

Quick Poll – Artificial Intelligence

This poll is anonymous and is comprised of two parts. We'd like to know:.

How comfortable would you say you are with using artificial intelligence (AI) applications like U-M GPT, Maizey, ChatGPT, Bing AI, other chatbots, etc., on a 5-point scale?

- 1 - not comfortable at all
- 2 - slightly comfortable
- 3 - moderately comfortable
- 4 - comfortable
- 5 - very comfortable

Are you currently using any form of AI in your role as a research administrator?

- Yes
- No
- Unsure

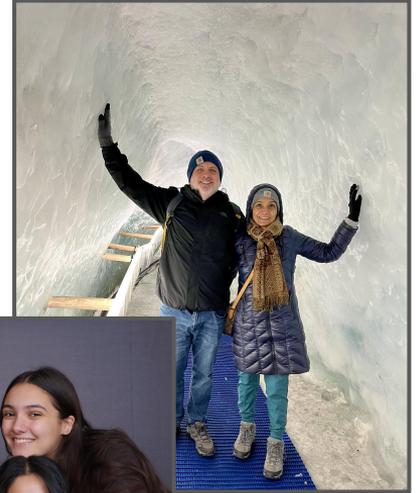

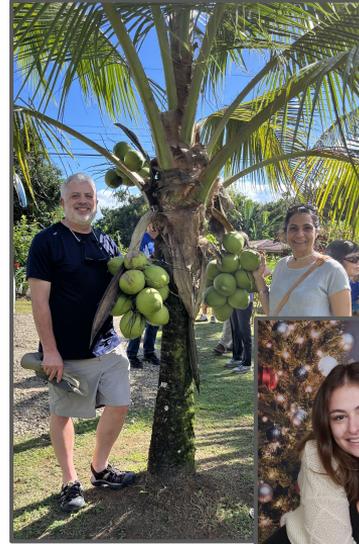

Our Emcee - Meenu Baxendale, CRA

- Research Administrator Lead at CSE within the College of Engineering, with 13+ years in the field and 22 years at U-M.
- Before coming to U-M, Meenu was a paralegal at an immigration law office in New York.
- Meenu is an active member of the SRAI Planning Committee and recently served as track co-chair on the Proposal Review Committee for the Midwest Section meeting in April 2024.
- She received her Certified Research Administrator designation in 2018.

Meenu Baxendale - Outside of Work

- Loves spending time with her fiance and traveling the world.
- Meenu and her fiance have four children between the two of them, who are either in college or independent.
- Meenu enjoys running and dancing in her free time.

Graduate & Undergraduate Courses

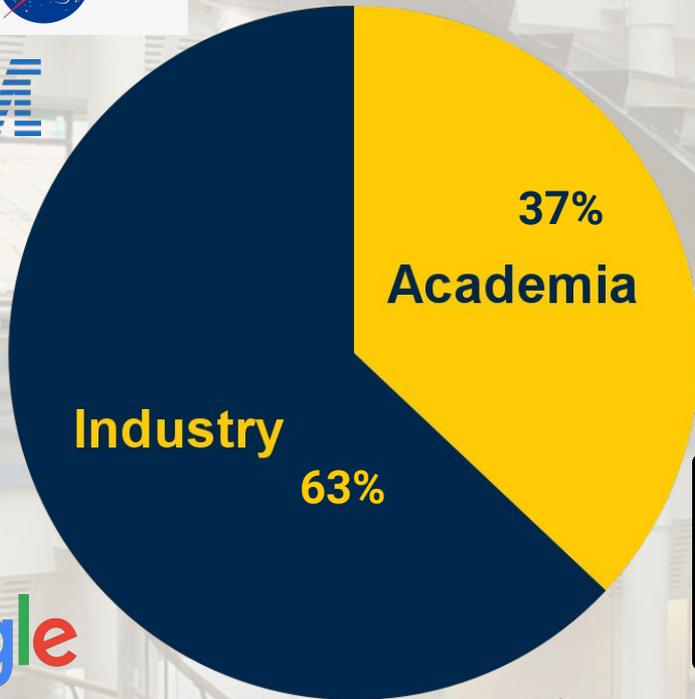

- We have a catalog of **nearly 20 graduate and undergraduate courses**, many of which are interdisciplinary.
- **Course topics** include core AI and the applications of AI; emerging topics in AI such as deep learning, reinforcement learning, and AI & Ethics; natural language processing, and data mining.
- The research that comes out of the AI Lab **directly influences** the content being presented in many of the courses we offer.

AI Lab Recognition

- Recently, faculty in the AI Lab have received 13 awards for their research, including the **Carl Friedrich von Siemens Research Award**, the **U-M Distinguished Faculty Achievement Award**, and the **Google Research Scholar Award**.
- Students in the AI Lab have received numerous awards for their work, including **NSF Graduate Research Fellow**, **IEEE Best Student Paper Award**, and the **CSE DEI Service Award**.

GRANT SERVICES &
ANALYSIS

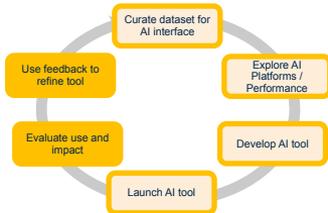

Using Retrieval AI to Accelerate Research Discovery and Application

Heather Offhaus, Director; Sandy Alberto, Research Development Specialist; Ping Yan, Research Assistant Grant Services & Analysis, University of Michigan Medical School Office of Research

Background

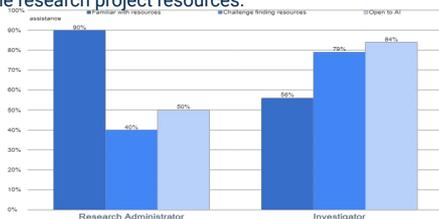

- Users report challenges and uncertainty with optimizing the use of information and resources available within webpages for the U-M Medical School Office of Research and supporting units.
- A grant (UM1TR004404) from the Michigan Institute for Clinical and Health Research (MICHR) supported the exploration and implementation of an artificial intelligence (AI) tool designed to facilitate better navigation and use of online resources.

Project Plan

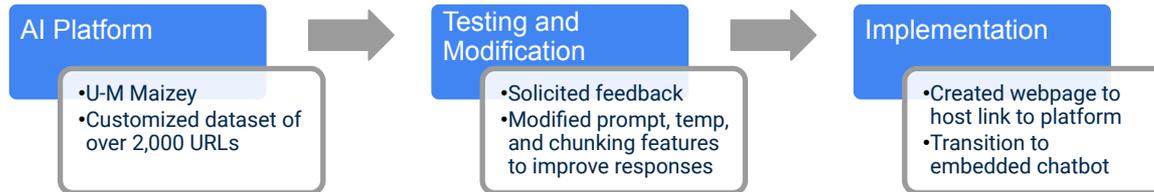

Pre-Intervention Survey

A survey was issued to evaluate familiarity and ease of access of online research project resources.

AI Interface: U-M MAIZEY

Discussion and Next Steps

Current challenges:

U-M Maizey poses the following limitations, which are consistent with those identified in commercial platforms.

- Unable to extract information from images or graphics.
- Lacks the ability to web-crawl or retrieve information from content embedded in a webpage.
- Only a single type of data can be included in the dataset.
- Certain technical issues exist (e.g., speed of response; hiding certain email addresses; listing of sources, etc.)

Next steps:

- Launch Grant Development and Research Administration (GDRA) Maizey on dedicated webpage; embed as an interactive chatbot into websites.
- Survey users regarding use and effectiveness of platform; use feedback to refine platform.
- Expand knowledge base.
- Explore potential alternate uses of AI in research development and grant administration.

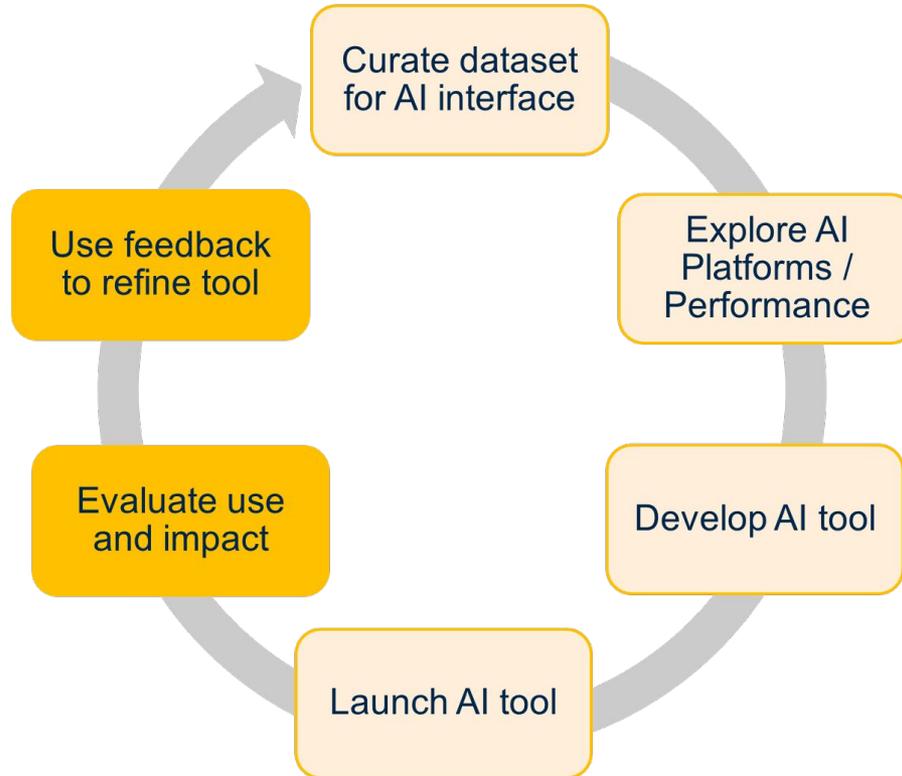

Acknowledgements:

- The project was funded by the Michigan Institute for Clinical and Translational Research (MICHR), UM1TR004404.
- Infrastructure for the AI interface is provided by the University of Michigan ITS AI Services.

Background

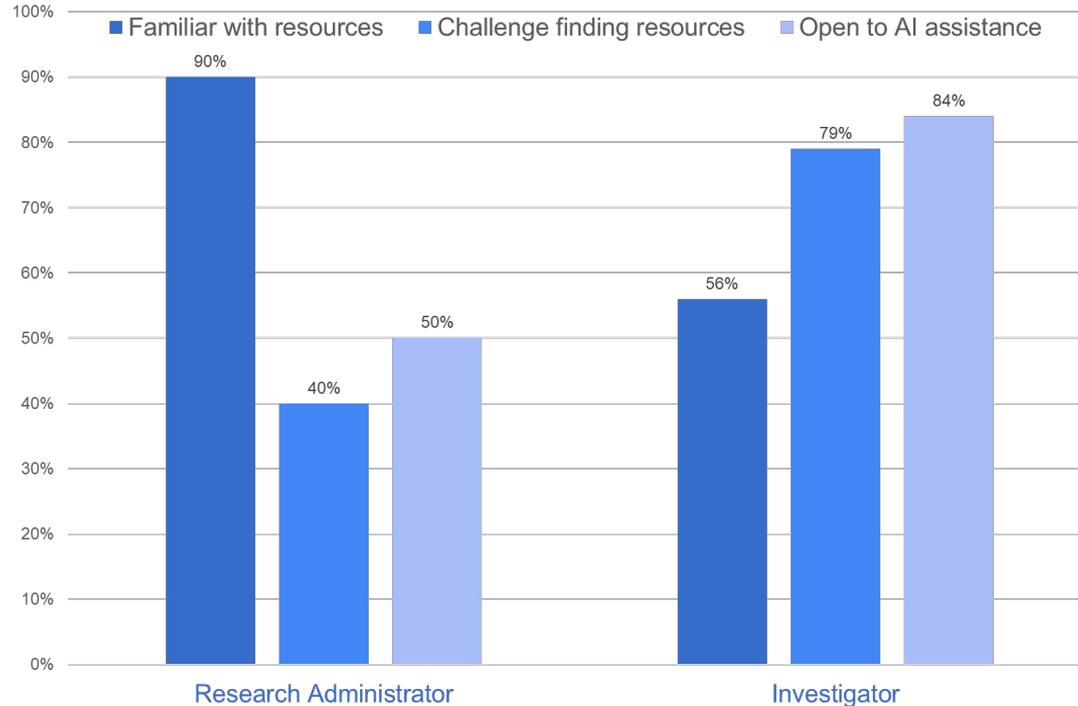

- Users report challenges and uncertainty with optimizing the use of information and resources available within webpages for the U-M Medical School Office of Research and supporting units.
- A grant (UM1TR004404) from the Michigan Institute for Clinical and Health Research (MICHR) supported the exploration and implementation of an artificial intelligence (AI) tool designed to facilitate better navigation and use of online resources.

New investigator seeks NI

Hello! I am a new investigator. How do I create a good NIH biosketch?

Hello, and welcome to the exciting world of research at UMMS! For creating an NIH biosketch, it's important to follow the specific format outlined by the NIH. Here are some steps to get you started:

Visit the NIH web page dedicated to biosketches at <https://grants.nih.gov/grants/forms/biosketch.htm>, where you'll find Biosketch Format Pages, Instructions, and Samples.

Consider using SciENCv, a tool recommended by NIH, to create and maintain your biosketch. This tool ensures that all information, including citations, is formatted according to NIH guidelines. You can learn more about SciENCv at <https://www.ncbi.nlm.nih.gov/sciencv/>.

Utilize internal resources from the UMMS Research Development Team designed to help you in creating your biosketch. These resources can provide additional guidance and support tailored to our institution's researchers.

Remember, a well-crafted biosketch highlights your qualifications, experience, and the significance of your scientific contributions, which are all crucial in conveying your ability to successfully conduct the proposed research.

For additional assistance, please email Office of Research at ummsresearch@umich.edu or review their website, located at: <https://medresearch.umich.edu/office-research/about-office-research/research-project-route-map>.

If you would like more information about the platform, please visit here: <https://sites.google.com/umich.edu/gdamaizey/home>.

To improve this platform, suggestions or comments regarding your specific Q/A experience can be shared through the form located here: <https://forms.gle/c9Bfdwih2hjcUN1u7>.

Research Administrators' Network (RAN) Meeting

Andrea Anderson / Executive Director, Sponsored Projects

RESEARCH AND SPONSORED PROJECTS
UNIVERSITY OF MICHIGAN

Sponsor Updates

Uniform Guidance Update

- Updates to be implemented in October by the funding agencies
- U-M leadership forming work group to review changes & plan for implementation
- More details to come

NSF Updates

- **NSF Award Terms & Conditions updated**
 - NSF announced on March 25, 2024, that it updated the award terms and conditions be consistent with the Proposal and Award Policies and Procedures Guide 24-1 (PAPPG 24-1). Effective May 20, 2024.
 - [Spring 2024 NSF Grants Conference](#) - Date: June 3-5, 2024.

NIH Update

1. Grant Application and Review Changes for Due Dates on or after January 25, 2025

<https://grants.nih.gov/grants/guide/notice-files/NOT-OD-24-084.html> (April 4, 2024)

- Updates to **Reference Letter Guidance**
 - Changes to **NRSA Training Grant Applications**
 - Updated Application Forms (**FORMS-I**)
 - **Common Forms** for Biographical Sketch and Current and Pending (Other) Support
2. NIH posted the FY 2024 NIH GPS in April on the NIH Grants Policy page: grants.nih.gov/policy/nihgps

NRSA Stipend Levels Increase for FY 2024

- NIH Ruth Kirschstein National Research Service Awards (NRSAs) Level 0: \$61,008.
- Training expenses and institutional allowances ↑ \$200.
- Childcare stipends ↑ by \$500 to \$3,000.
- Tuition and Fees for all educational levels unchanged.

DOJ JustGrants Application Submission Checklist

Step-by-step support for JustGrants, DOJ's grants management system

As a reminder, applications to DOJ involve a two-step process:

- First, submit an abbreviated application via Grants.gov.
- Then complete and submit the full application in JustGrants.

Risk Mitigation

DOD and DoE are requiring Risk Mitigation Plans on certain applications.

Based on assessments by the agency of level of risk of the specific project

Research Security Office is assisting with plan development.

Awards may include Risk Mitigation terms and conditions that require Research Security Office review. In these cases ORSP will route for review to Research Security Office prior to award setup.

Late Reports – Serious Consequences

“One Scientist Neglected His Grant Reports. Now U.S. Agencies Are Withholding Grants for an Entire University.”

Reviewing U-M controls and assessing where changes may be appropriate

Expect changes to eRPM to address late Deliverables

THE CHRONICLE OF HIGHER EDUCATION

SCHOLARSHIP AND RESEARCH

One Scientist Neglected His Grant Reports. Now U.S. Agencies Are Withholding Grants for an Entire University.

By Francie Diep | APRIL 10, 2024

ILLUSTRATION BY THE CHRONICLE, ISTOCK

The National Institutes of Health, the Office of Naval Research, and the U.S. Army are withholding all of their grants from the University of California at San Diego because one scientist failed to turn in required final reports for two of his grants, according to a message sent to the campus community on Tuesday.

“This action is the result of one Principal Investigator’s extended non-submission of final technical reports for two awards,” Corinne Peek-Asa, vice chancellor for research and innovation, wrote in the message. “If you are a PI receiving a new or continuing award from one of these agencies, you will receive a notice that the award will be delayed.”

UC San Diego has a total of \$688 million in research funding from the National Institutes of Health, distributed over nearly 1,200 projects, according to the NIH’s RePORTER database. The university has \$10.4 million in grants from the Office of Naval Research for the fiscal year 2024, and \$7.8 million from the Department of the Army, according to USASpending.gov.

REMINDER – Proposal Routing

- Proposals submitted through a sponsor system must be routed to ORSP and in a submittable state at the time the PAF reaches ORSP.
- Proposals submitted to ORSP in eRPM without the actionable proposal available in the sponsor system are sent back as Incomplete, resetting the review type.

ORSP Realignment Roadmap

	FY24 Q2	FY24 Q3	FY24 Q4	FY25 Q1	FY25 Q2	FY25 Q3

Modernizing Sponsored Research

Office of Research and Sponsored Projects

To provide responsive, compliant, and best-in-class operations on behalf of the U-M research enterprise, the Office of Research and Sponsored Projects (ORSP) has been working to reimagine current workflow and is launching a realignment.

[BACK TO ORSP](#)

[Overview](#) | [Modernize](#) | [Enhance](#) | [Elevate](#)

ORSP will realign to strengthen sponsored research operations

Based in the Office of the Vice President for Research, ORSP last year reviewed and submitted 7,500 research proposals, managed activity on 2,700 sponsored awards, and negotiated nearly 2,000 contracts and agreements on behalf of U-M to support faculty and staff across disciplines.

ORSP's realignment is necessary to modernize, enhance, and elevate operations; to best position its team and operations for anticipated growth, and to strengthen ORSP's overall support of the University of Michigan research community.

Updates

Stay tuned on ORSP's progress throughout the realignment.

— March 2024

- Communicate plan to entire U-M community via University Record article (3/15/2024)
- Announce in VPR Update (3/16/2024)
- Launch website portal (3/13/2024)
- Present update to Research Associate Deans (RADs) (3/15/2024)
- Our new Director, Proposals and Award Management, Karen Alameddine begins (3/12/2024)

Dr. Arthur Lupia is interim VP for Research and Innovation at U-M

Interim VP for R&I fosters excellence and integrity of research across all three campuses.

- Vast experience as a researcher, administrator, and educator
- Joined U-M in 2001 as a professor of political science and a research professor at the ISR
 - Appointed the Hal R. Varian Collegiate Professor from 2006-20
 - Appointed Gerald R. Ford Distinguished University Professor in 2020.
- Federal service spans two U.S. presidential administrations.
 - Served from 2018-22 as an assistant director of the National Science Foundation, where he developed strategies to increase the public value of research across NSF's entire portfolio.
 - Co-chaired the governmentwide Subcommittee on Open Science for the White House's Office of Science and Technology Policy between 2019-22, convening leaders from more than 30 federal agencies to increase access to, and the public value of, federally funded research.
- 2022 - became executive director of Bold Challenges
- 2023 - named associate vice president for research

ITS Update

May 16, 2024

Research Administrators' Network (RAN) Meeting

Carolyn Pappas / Program Manager, ITS

eResearch Proposal Management (eRPM) Updates

- eRPM System Release
 - June 17, 2024
- SF424 (Grants.gov)
 - August 2024 Date TBD
- Clean Up PAF & UFA records
 - July 1, 2024
- Friends Account
 - August 2024 Date TBD

eRPM June Release Overview

- **Proposal Approval Form (PAF)**
 - Require Q.1.5 if response to Q1.2 is “Subsequent PAF for an existing Award”
 - Request ORSP Action
 - SF424 link permissions
 - Institutional Contacts in Copy-map activity
- **Award**
 - Compliance Meter update
- **Subcontract**
 - Add U-M PI name to email Subject

eRPM June Updates - PAF

Question 1.5 “If Renewal/Continuation or Supplemental Request, enter an Award ID” will be required if Question 1.2 “The purpose of routing PAF”, is answered “Subsequent PAF for an existing AWD”.

- *Part of the ORSP Realignment and will be handled by the Post-Award Team.*

1.2 * Required to Save
[The purpose for routing this PAF is \(select one of the following\)?](#)

Proposal: Process a proposal for review and approval by ORSP (e.g., full proposal application, competitive

Contract: Request the review or drafting of a contract, or other funding agreement.

Subsequent PAF for an existing AWD (e.g., non-competing renewal, additional funding on existing award).

[Clear](#)

1.3 * Required to Save
[Is this a Grants.gov funding opportunity that is available for electronic submission?](#)

Yes No [Clear](#)

1.4 * Required to Save (cannot edit once saved)
[Is this a pre-proposal?](#)

Yes No

1.5
[If Renewal/Continuation or Supplemental Request, enter an Award ID](#)

Project Team Request ORSP Action Activity

- Change from textbox to predefined choices for Pre-Award Request Type
 - Certain answer choices will display additional questions
 - Allows for data collection
 - Triaging request based on type selected (Project Representative vs. Support Staff) for ORSP Realignment

Request ORSP Action

Indicate if there's a sponsor deadline for this request.
Enter comments in the text box to indicate what ORSP action is required.
Add documents (required if a sponsor deadline is entered - must provide document showing the sponsor deadline entered).
If you wish to send an email to others on the project team, select recipients below (optional).
The PAF will show up in ORSP's inbox, so it is not necessary to email them.
Click OK to send to ORSP for processing.
Click CANCEL to cancel this activity and close this window.

Examples of the appropriate use of this activity are to:

- submit JIT information
- return the PAF so project team can edit
- upload award document for processing
- turn down the PAF (project will not be funded)

Do not use this activity to indicate finalization of proposal documents or communicate submission instructions to ORSP.

* Is there a Sponsor Deadline for this request? Yes No [Clear](#)

* Due Date: 

* Select Pre-Award Action Request Type(s):

- Pre-Submission Request (e.g. send PAF back for changes)
- Resubmit and/or Withdraw Proposal (Provide details in the comment box below)
- Send Information to Sponsor (after Proposal Submission)
- Process Award Document
- Turn Down Request
- Other

* Select the information to be sent:

- Sponsor Requested Information (i.e. JIT, NSF Proposal File Update or Budget Update)
- Post-Submission materials not requested by Sponsor (e.g. NIH Post-Submission Materials)

[Clear](#)

eRPM June Updates - PAF/SF424

Access to SF424 (Grants.gov) project associated with a PAF - (RACC Process Survey Request)

- **Question 2.6 Administrative Personnel**

- No longer need to indicate if an investigator or administrative person should have **“Read”** rights to view the SF424 project.
 - If you can view the PAF, you will see a Grants.gov link from the PAF workspace, and you will be able to view the associated SF424 project.
- **“Edit”** permissions will still be controlled based on PAF selection.

2.6 *

- eRAM Animal Management ([April 13 announcement](#))
- eRRM Regulatory Management ([April 14 announcement](#))

Sponsored Programs Update

May 16, 2024

Research Administrators' Network (RAN) Meeting
Debbie Talley / Assistant Vice President for Finance –
Sponsored Programs

The UG Single Audit is complete for FY23

- The FY23 Single Audit, pursuant to the federal OMB uniform guidance, 2 CFR 200, Subpart F, (the "UG Single Audit") is complete for U-M.
- The Federal Audit Clearinghouse (FAC) has accepted the U-M's Data Collection Form (DCF) submission.
- None of the findings are associated with pass-through awards to U-M.
- The DCF and full UG Single Audit report are publicly available via the FAC website. Contact sponsoredprograms@umich.edu with questions.

FY24 UG Audit

- Kick-off meeting May 14
- R&D included
- More to come this summer

Updated UG effective 10/1/24

More details coming on threshold
changes and other policy implications

F&A Rate proposal

- UM recently submitted its F&A proposal, which sets rates for FY25-FY28
- It's unlikely that a new rate agreement will be negotiated before our existing rate expires on 6/30/24
- Without a new rate we will continue to use our existing rates on a provisional basis

New two-tier method for human subject payments

- On June 1, U-M will implement a new two-tier system to help streamline the incentive process for individuals who participate in research activity.
- U-M Tax Department and the Human Subject Incentives Program developed a new SSN Collection Policy that will raise the threshold for Social Security Number (SSN) collection requirements from research participants.
- SSNs will only be required when a participant receives cumulative payments of more than \$400 from all studies in which they participate in a calendar year.
- Refer to the HSIP SSN Policy FAQ.
- Questions: subject-incentives@umich.edu

Project/Grant SAPOC Change Request Form

- When research project teams need to change their “single administrative point of contact” (SAPOC) in the MPathways Financials & Physical Resources system (FIN), they should use the Project/Grant SAPOC Change Request form to expedite that process.
- This form is shared here on the Finance-Sponsored Programs Forms & Tables page and linked from our Customer Service page.

Query driven					Unit admin must fill in	
Form used to submit SAPOC change requests for sponsored P/Gs. To be used in conjunction with the Project/Grant SAPOC change request Business Objects query. Query location: Public Folders/Unit-Maintained/Research Administration/Sponsored Programs (Business Objects access is required) Detailed instructions with screen shots are on the next tab, please reach out to your Customer Service representative in Sponsored Programs with any questions. Email completed form to your Customer Service representative in Sponsored Programs for processing.					Both fields must be completed, incomplete forms will be returned for correction before they can be processed by Sponsored Programs	
Project/Grant (P/G) ▼	Project Director (name) ▼	Current SAPOC (name) ▼	Dept ID ▼	Project Title ▼	New SAPOC (name) ▼	New SAPOC (username) ▼
						(Please enter in all caps)

Thanks to the 8th RAMP↑ Cohort!

Mentees:

- Christy Allen – SPH
- Rose Branstrom – SPH
- Lisa Fields – Engineering
- Ivanna Iavorska-Em – ISR
- Kaley James – SPH
- Ariona Kalaj – Medical School
- David Kellermeyer – ISR
- Forest Li – Michigan Radio
- Jennifer Melms – Engineering
- Yvonna Olds – Engineering
- Christy Orlando – Medical School
- Ingra Stimach – Engineering
- Philip Stranyak – ISR

Mentors:

- Kelly Belcher – Medical School
- Kellie Buss – ORSP
- Kerri Cross – ISR
- Maryclaire Ellis – Ford School
- Donelle Goerlitz – Medical School
- Sam Gibbons – Medical School
- Dennis Guttman – Engineering
- Ruth Halsey – Medical School
- Patrick Laguna – Dentistry
- Jessica Mirelez – Medical School
- Nancy Oeffner – ISR
- Fred Paffhausen – Medical School
- Danielle Smith – Life Sciences Institute

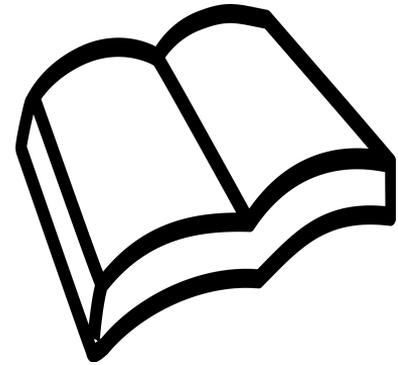

Thanks to the 8th RAMP↑ Cohort!

Group Mentoring for Emerging RAs Mentees:

- Sandra Crump – College of Pharmacy
- Ethan Farrelly – UMMA
- Ellen Han – OVPR
- Lisa Carey – Graham Sustainability Institute
- Abby Cervantes – ISR
- Shawna Matzinger – SPH

Group Mentoring for Emerging RAs Mentors:

- Anne Diment – Sponsored Programs – OCA
- Alfreda Fleming – Medical School
- Jacqui Grisdale – Medical School
- Kristen Hug – Medical School
- Ute Lowery – ORSP
- Alan Phlipot – Medical School

Kudos and Thanks!

May 16, 2024
RAN Meeting

Thank you for all your contributions to the Navigate Training program!

Your help is important and appreciated.

Your volunteer efforts, dedication, expertise and commitment to research administration are noticed and truly valued!

Kudos and Thanks!

Thank you for the hard work and excellent presentation skills of the Life Sciences Institute Research Administration Team, who provided recent expertise for the following trainings to LSI community members:

NIH NRSA Fellowships Info Session & Panel, by [Amy Holihan](#) and [Jill Miller](#)

Non-federal Fellowships for Predoctoral & Postdoctoral Fellows, by [Danielle Smith](#) and [Helen Xu](#)

Both presentations were well attended and received many favorable responses related to the content and easy to understand delivery.

– Anna Schork

Kudos and Thanks! (cont.)

Lauren - Thank you for taking the lead on the P50 RPPR! All of your effort was critical to its submission.

– Cheri Brooks

Lauren Tingwall recently returned to ISR, and has really hit the ground running. She has been a joy to work with and has been doing great work at the Institute.

– Anonymous

Melissa Wallace recently gave a presentation at the NCURA conference in Hawaii. It's great that she takes the time to go the extra mile to not only do her job, but to present at conferences.

– Anonymous

Thanks to **Cathy Liebowitz** and **Jennifer Huntington** who did fantastic jobs serving as Chairs on RAAC Subcommittees.

– Anonymous

Kudos and Thanks! (cont.)

To give a single reason as to why **Chris Allan** should be recognized would be selling Chris short. Chris does so much to assist at ISR and campus units. There is a saying around here "If you can describe it; Chris can build it".

– Anonymous

Big kudos to **Leslie Chavez** in Sponsored Programs for taking time out of her busy schedule to talk through Hosting requests with me and some colleagues! It was super helpful to talk it out! Thanks, Leslie!

– Amanda Reel

Xinyan West - What would we do without you?! You are a leader alongside Melissa in the ISR Administrative Core and your tireless efforts are so seriously appreciated. Thank you for all you do!

– Cathy Seay-Ostrowski

Kudos and Thanks! (cont.)

Thank you, **Melissa Wallace**, for your tireless service, efforts, and leadership in research administration for the ISR Administrative Core. You are a superstar and I know your team appreciates everything you do!!!!

– Cathy Seay-Ostrowski

Connie Hallom - We see all that you are learning and doing in research administration for the Core and we are so proud and grateful for your efforts on our team. We look forward to celebrating your growth and development as a research administrator and we wouldn't know what to do without you! Keep up the great work!

– Cathy Seay-Ostrowski

Kudos and Thanks! (cont.)

Shereahan Mohammed - We see all that you are learning and doing in research administration for the Core and we are so proud and grateful for your efforts on our team. We look forward to celebrating your growth and development as a research administrator and we wouldn't know what to do without you! Keep up the great work!

– Cathy Seay-Ostrowski
